## **MAKEMUSIC INTRODUCES NEW SMARTMUSIC MOBILE APP FOR ANDROID AND APPLE**

*Latest SmartMusic innovation enables educators to manage assignments remotely*

**Minneapolis – July 21, 2011** – MakeMusic, Inc. (NASDAQ: MMUS), creators of [SmartMusic®](#) interactive music software for band, orchestra and voice, announced the launch of [SmartMusic Inbox™](#), a mobile application for Android® and Apple® smart phones, which can also be used with Apple's iPad® and iPod touch®.

“This is another example of MakeMusic’s commitment to provide innovative technology solutions for music education,” said Karen van Lith, MakeMusic’s CEO. “The Inbox app supports continued growth in educator adoption of SmartMusic by enabling busy educators to assess student performance and communicate from Android or Apple mobile devices. This versatile, new solution builds on our strong brand and enhances our position as a leading innovator in music eLearning.”

Now through a mobile device, educators can view which notes students perform accurately, listen to a recording of each performance, and provide grades and comments when it's convenient for them. The Inbox is available at no additional cost to educators who have a current subscription to SmartMusic.

### **About MakeMusic, Inc.**

MakeMusic®, Inc. is a world leader in music technology whose mission is to develop and market solutions that transform how music is composed, taught, learned and performed. For more than 20 years, [Finale®](#) has been the industry standard in music notation software, enabling composers, arrangers, musicians, teachers, students and publishers to create, edit, audition, print and publish musical scores. MakeMusic is also the creator of [SmartMusic®](#) interactive software that is transforming the way students practice. With SmartMusic, students and teachers have access to thousands of band, orchestra and vocal pieces allowing students to practice with background accompaniment and get immediate feedback on their performance. SmartMusic allows teachers to individualize instruction and document the progress of every student.
